jardinico[®]

MADE FOR **SHADE**
SINCE **1999**.

At Jardinico Parasols, we are driven by a passion for creating serene outdoor spaces where cherished moments with loved ones can truly flourish. We focus not only to the retail market but also to the project market, where our expertise lies in delivering fully customizable solutions. Whether tailoring colours, integrating branding or adapting designs to specific needs, we work closely with clients to provide bespoke creations for any project.

Based in Harelbeke - Belgium, our headquarters serve as the heart of our operations, encompassing design, distribution and the development of innovative products. As we continue to expand, our vision is to position Jardinico Parasols as the global leader in high-end shade products, setting the benchmark for luxury and functionality in outdoor living.

OUR HISTORY

As a proud Belgian family-owned company, our roots run deep. For many years, we specialized in textile manufacturing before making a pivotal shift in 1999 to the production of garden cushions.

1999

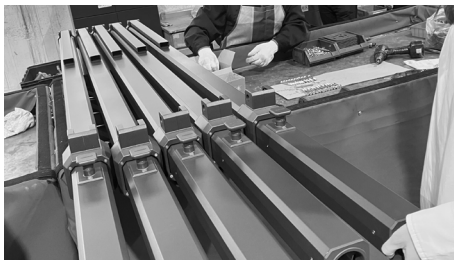

Jardinico evolved in 2015 into two specialized branches, each led by a member of the founding family. Jardinico Cushions, overseen by Bram Vandeputte, continues to produce premium garden cushions with the same dedication to craftsmanship.

Meanwhile, Jardinico Parasols, under the leadership of Bruno Vandeputte, has grown into a premier brand for luxurious shadowmakers.

2015

2000

In 2000, we expanded into parasols, marking the beginning of our journey in high-end outdoor solutions.

Today, with more than 25 years of expertise in parasols, we offer a comprehensive collection of high-end shade solutions and outdoor designs. From sophisticated umbrellas to dining tables, sunloungers and bespoke accessories, our products seamlessly combine superior quality.

By keeping all cushion and canopy production family-owned at Jardinico Cushions, we ensure that our products stay true to our values and heritage.

2026

2018

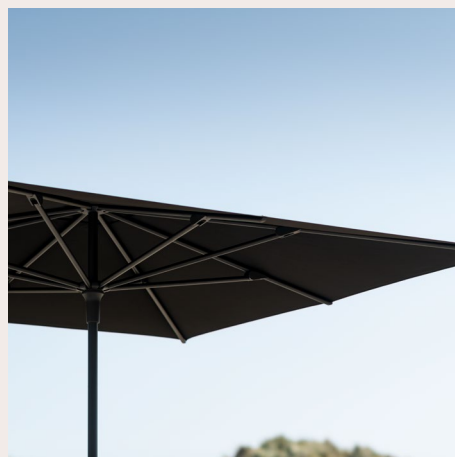

3 years later, we expanded our expertise by introducing our first outdoor furniture collection, enabling us to offer a complete outdoor living experience. This addition allows customers to seamlessly combine parasols, furniture and accessories to create a harmonious and stylish outdoor space.

JCP.301 300x300 cm LED linen & Nile with Rwelle granite base

JCP.3 SERIES

The most iconic series from Caractère. Three Series includes umbrellas that are the heart of your garden, perfect for shelter and protection from the bright sun rays. Every model is extremely convenient to move and operate. By means of the slider, you can easily move this umbrella into every desired position and turn 360° without having to move its base.

We also welcome a new addition: a model with integrated LED lighting. Exclusively available in a 300x300 cm size, this umbrella features LED lights elegantly embedded in the ribs, which can be easily operated manually. Powered by solar energy, the lighting creates a warm and inviting ambiance, allowing you to savor those balmy summer evenings with style and comfort.

JCP. 4S base white

JCP. 501 4 * 300 x 300 cm alu teak & pearl

JCP.5 SERIES

Five series has proven to be the ideal model for hospitality. With four separate outdoor umbrellas of 300 x 300 cm on one central pole, this model offers no less than 40m² of shade. Each umbrella can be tilted in height and opened individually.

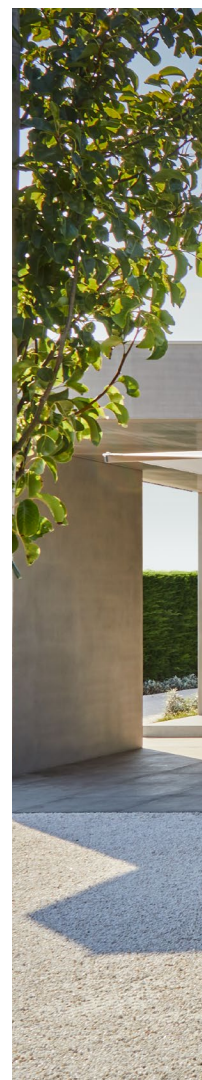

Gutters are available to connect them to each other and enable large areas to have complete, uninterrupted coverage from the sun or rainy weather conditions.

JCP. 501 4 * 300 x 300 cm alu teak & pearl

JCP. 601 2 * 300 x 300 cm cappuccino & ice

JCP.6 SERIES

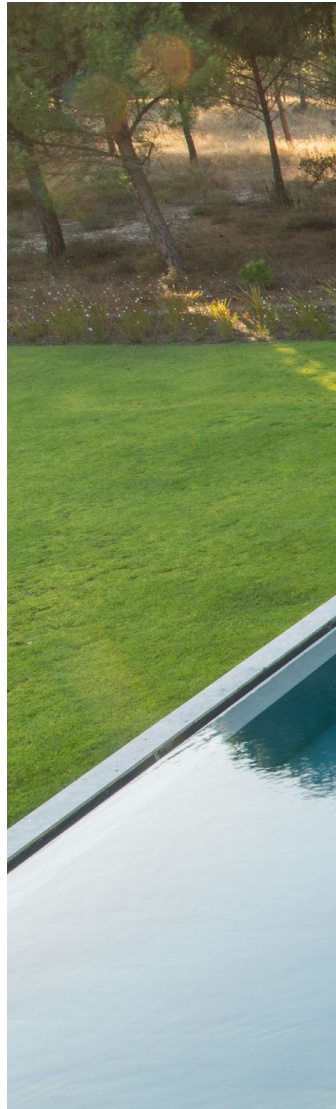

An umbrella that will grace every large outdoor area by its Belgian design. The JCP.601 combines two outdoor umbrellas of 300 x 300 cm that can be opened, closed and tilted in height individually. Together they provide 18m² of shade. Thanks to one pole, the space underneath can be used optimally which makes this sunshade ideal for catering projects.

GUTTERS

Gutters offer an uninterrupted protection between several umbrellas. By connecting the parasols, large areas have a complete coverage against the sun or rainy weather. A gutter is always attached to the parasol with a slight slope in order to drain the water efficiently in the desired directions.

Our gutters are available in the same colour as the cloth of the parasol to match perfectly. Only applicable on the following parasols: JCP.201, JCP.202 and JCP.501.
