TIMELESS CRAFTSMANSHIP OVER 30 YEARS.

At PMP Furniture, design and craftsmanship are always at the heart of what we do. In our own factories, we work with the latest computer-controlled machines for woodworking and upholstery. By combining modern technology with beautiful, carefully selected materials, we create contemporary designs that are both stylish and durable.

Our new collection emphasizes aesthetics and design, featuring a refined use of materials that contribute to a timeless look. Sustainability also plays a key role: we aim to produce responsibly, with respect for people, materials, and the environment.

We also value a healthy and pleasant collaboration between our colleagues in the factories and at the office. It is precisely this close bond and shared passion that enhances the quality of our products.

At PMP Furniture, we set the highest standards for our craftsmanship and continuously strive for improvement. With our collection, we hope to inspire you and bring your creativity to life.

Jensen & Richard

EUROPEAN DESIGN AND PRODUCTION

For over 32 years, PMP Furniture has been standing for true European craftsmanship. All our designs are produced entirely in-house at our own factories in Poland, this is the heart of our manufacturing process.

The advantage of having our own production facilities? We maintain full control over design, quality, flexibility and customization.. This allows us to tailor every piece of furniture precisely to our customers' needs. And what could be more rewarding than creating your own frames and tables. From raw material to refined finished product?

In our modern drying chambers, the wood is carefully dried back to a moisture content of 8 to 9%. Upon request, we can adjust the moisture content if local conditions require it. This allows us to guarantee our customers products that are suitable for the local market.

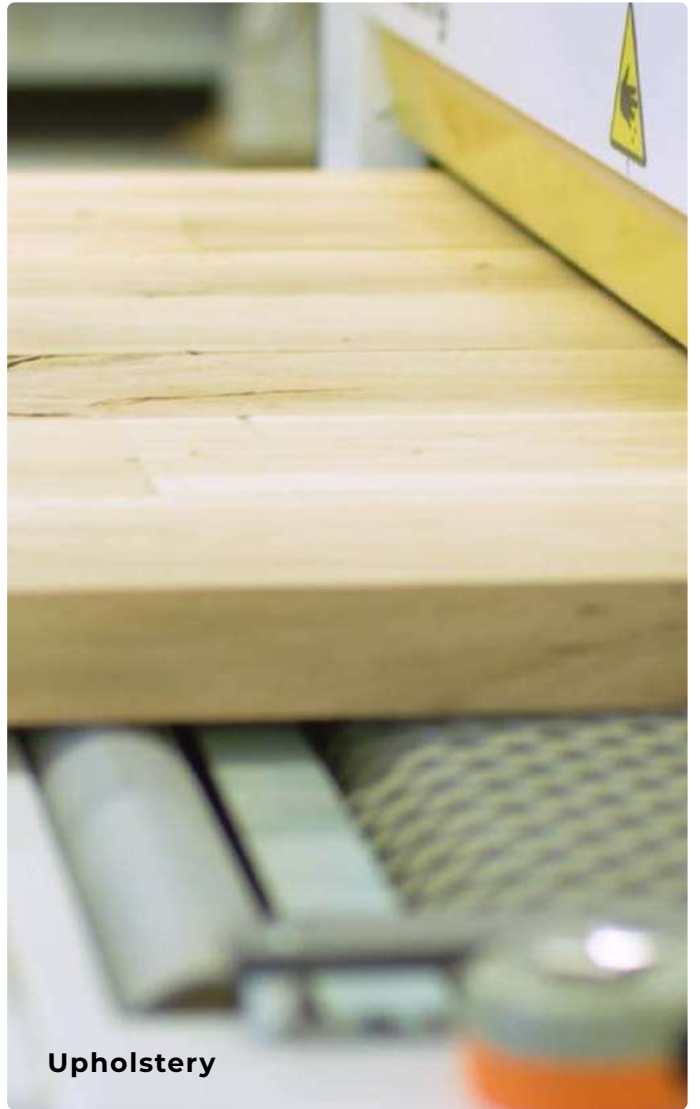

From the very first design to final delivery, every PMP Furniture product is made and supervised with the utmost care, craftsmanship, and passion. The result: furniture that not only looks beautiful but is also durable and reliable in everyday use.

OFFICES

BLEND THE COMFORT OF HOME WITH PROFESSIONAL STYLE FOR THE PERFECT RESULT.

HOTELS AND RESTAURANTS

OUR INTERIOR DESIGN TEAM IS READY TO ASSIST YOU IN CREATING YOUR IDEAL SPACE. WE CAN PROVIDE INTERIOR DESIGN SUPPORT, SELECTION OF MATERIALS, CUSTOM FURNITURE DESIGN, AND SETTING THE OVERALL MOOD, ENSURING EVERY DETAIL PERFECTLY REFLECTS YOUR VISION.

FROM CONCEPT TO REALISATION

Our interior designers bring your vision to life, exactly as you imagine it. With our expertise, we guide every project from the first concept to its completion. We create inspiring mood boards, carry out a sophisticated colour analysis and design a layout that perfectly matches the requirements and preferences of your project.

Are you interested in starting a project with us? Simply send your project details and we will develop a powerful and creative plan that truly brings your project to life.

Send your details to:

CREATING A FOREVER LASTING IMPRESSION

PMP Furniture is building for the future. We have started construction on our new warehouse, offices and experience centre. A place where everything comes together under one roof. This will enable us to offer our customers an even better experience, from inspiration to purchase, while also creating an inspiring and enjoyable workplace for our PMP team,

where creativity and craftsmanship go hand in hand. With this new building, we want to bring the story of PMP Furniture to life: a place where design, quality and innovation come together and where both our customers and our team feel completely at home.
